

SVE GARDEN CONDO III ASSOCIATION
Architectural Change Request
For TV Satellite Dish

Homeowner Name _____ Unit# _____

Property Address _____ Phone# _____

Work to be performed
by _____

Contractor Address _____

Contractor Phone _____

Contractor License # _____

Subject to the approval of this Change Request by the SVE Condo III Board of Directors or their duly appointed representative (hereafter 'the Association'), the Homeowner agrees to maintain the subject improvements in every respect. In the future, should the subject improvements cause damage that would not otherwise have occurred, repair costs for such damage will be borne by the Homeowner. The Homeowner agrees that all improvement costs related to this Change Request will be borne by the Homeowner. Furthermore, the Homeowner agrees to comply with all city, county, and state laws and obtain all the necessary permits. A City of Mesa building permit, if applicable, must be submitted with this application. Any supporting documents WILL NOT be returned to homeowner, as they will become a part of the permanent record in the Association's homeowner file. Approval or disapproval will be mailed to the homeowner within 30 days from the date the Association's receipt of this application.

The above described architectural change is:

_____ Approved

_____ Disapproved

_____ **Approved subject to the following conditions** (1 through 9):

1. The TV Dish will be installed to the rear or rear side of the unit, the back patio, or screened-in Arizona room.

Homeowner Initials _____

2. The Dish shall be mounted within 10 feet of the back edge of the unit along the fascia board.

Homeowner Initials _____

3. The Dish can be positioned as needed for the line of reception to the transmitting satellite and for the convenient routing of its coaxial cable to the television set. All cable will be routed into a protected area without penetrating the roof (see item 6 below).

For TV Satellite Dish

4. The coaxial cable cannot be routed across the roof and wires cannot be strung on the outside of the condo unit.

Homeowner Initials _____

5. The preferred method is to attach the mounting to the fascia board. The homeowner is responsible for adding sufficient support to avoid damaging fascia board related to satellite dish weight. Methods and materials for providing such support must be approved in advance of installation.

Homeowner Initials _____

6. Any roof penetrations of any kind whatsoever are strictly forbidden.

Homeowner Initials _____

7. Installation will be made by licensed and insured contractor skilled in this type of work. All materials and installation methods shall comply with professional standards used by other relevant industry professionals.

Homeowner Initials _____

8. The Association reserves the right to remove or correct installation deficiencies, if necessary, at their sole discretion. Homeowner agrees to bear any and all costs related to such work.

Homeowner Initials _____

9. Homeowner is fully responsible for any and all damages to any roof area, to include, but not limited to, shingle or flat roof damage, leaks, and improper flashing or sealing. Homeowner is fully responsible for complete insurance coverage for any and all betterments and improvements. Homeowner is responsible for advising all Contractors that no common area may be used as work or storage areas. Workmen are not permitted to drive trucks or other heavy equipment on any common area. Contractors are responsible for thorough cleanup of all common areas, driveways, sidewalks, and streets. No debris of any kind or work materials will be left on rooftops. Homeowner shall be liable for any costs or charges incurred as a result of Contractor negligence.
