

SUNLAND VILLAGE EAST GARDEN CONDS III

There are currently two locations within Garden Condo III for you to drop off your recycling material. These are shown by the green boxes on this map. One on the west side next to the west golf cart shed. The other on the east side on private Kiva drive.

You can drop off paper, plastic cups and containers, milk and juice cartons, cardboard and paperboard, metal cans, and glass bottles and jars. Please remove all plastic wrap and break down boxes.

Newspapers and aluminum cans can also be dropped off at the recycling bins at the main north complex and aluminum cans are also accepted by the wood working shop.
