Dear Fellow Condo Owner,

Your Association Board of Directors is again pleased to provide you with a revised Garden Condo III Policy manual, December 19, 2017. This Manual replaces all prior Policy Manuals, including those dated December 1994, March 1998, February 1999, February 2000 revisions, November 2001, and revisions December 2006

The Garden Condo III Rules and Regulations have been clarified, the Golf Cart Storage Contract has been modified, and Vital Phone Numbers, Addresses and Architectural Changes pages have been updated. We urge you to review thoroughly the entire Manual to become familiar with its contents, and to ensure that your property is in compliance with the Association's Rules and Regulations.

Arizona statutes mandate that the Association Board of Directors, and each member thereof, enforces, or causes to be enforced, all of the Covenants, Conditions, Restrictions, and Rules and Regulations contained in the Condominium Declarations and this Policy Manual. This must be done on a consistent and non-selective basis, per the Association's legal documents and the State of Arizona statutes. INTRODUCTION

The SVE Garden III Condominium Association Board of Directors welcomes you to condominium living. It is a significantly different type of living than owning your own house. Condominium in a general sense refers to a plan where you are responsible for the care and maintenance of the interior of your residence. The Condominium Association owns, and is responsible for, the care and maintenance of the exterior, with a few exceptions. The exterior front, rear, and side yards areas are legally classified as common areas, as are the parking areas and private drives (the streets belonging to the Association rather than the City of Mesa). The front and rear patios and rear patio planter areas are classified as limited common areas over which the Association has jurisdiction, and which must be maintained and repaired, if necessary, by the unit owner. The driveways, although common area, are repaired by the Association. General cleaning and care of the driveway are the responsibility of the homeowner. The common areas are to be enjoyed by all residents, and must be controlled in a manner which is consistent throughout all of Garden Condo III, and gives consideration to all residents' needs and welfare.

Thus the necessity of a legally formed Association with Articles of Incorporation, By-Laws, Condominium Declarations, and Rules and Regulations. You should have received these documents when you purchased your condominium unit. They are most important in defining the various controls and restrictions that accompany this type of property ownership. If you do not have any of these documents, please contact the Association Property Manager (see page VI). Also see page 19 for document charges.

Your Association is governed by a Board of Directors, with a minimum of three (3) members and a maximum of nine (9), and always an odd number. They must be unit owners in good standing and willing to serve. They are elected by the Association members, who must be unit owners. They elect their own officers, serve on a voluntary basis, and receive no compensation. The Board of Directors has a fiduciary and legal responsibility to manage the Association in accordance with various Arizona statutes, and in conformity with the Condominium Declarations and Rules and Regulations. Board meetings are held on a regular basis, with date, time and place posted on the bulletin boards (near the condo mailboxes). The Board seeks your assistance and support, and encourages you to attend these meetings.

The Board provides and/or contracts for such services as are necessary to implement policy adopted by the Board. This includes, but is not limited to, maintenance, accounting, property inspections, complaint handling, and enforcement of the Condominium Declarations and Rules and Regulations. This may be accomplished via Self-Management, a Managing Agent, a Property Management Company, a CPA firm, or a combination thereof.

We hope that you find Garden Condo III provides a pleasant living environment designed for adult lifestyles, with an accent on sharing, caring and concern for your neighbors and all of the Garden Condo III Community.

A time limit of 45 days shall be set to have the work completed. The Architectural Control Coordinator has authority to stop all work being performed either by the condo owner or his contractor for which an application has not been approved, or which is deemed unsuitable, undesirable, or in violation of the Condominium Documents, or whenever the unit owner has failed to obtain a City of Mesa building permit where applicable. **Architectural Change Forms may be obtained from either the Master Association's Office, the Condo III Architectural Chairman, or online at www.svegardencondoIII.com, and the completed form submitted to the Architectural Chairman for consideration.**

Damage from such misuse will be construed as owner/resident negligence.**

(e) Unit owners are responsible for replacement of any broken window glass, including the glass in the sliding arcadia doors, unless it can be conclusively established that such breakage was a direct result of negligence caused by a contractor employed by the Association. **Sunland Village East
Garden Condo III Association
Golf Cart Storage Rental Agreement**

EFFECTIVE JANUARY 1, 2017

At the present time we have two buildings for the purpose of renting as a storage area for Golf Carts. One building has twelve (12) spaces, and the other has twenty-four (24) spaces. In this regard, following are the revised Guidelines, Rules and Regulations that govern the management of these facilities, as approved by the Board of Directors on December 19, 2006.

1. Space should be rented to owners or tenants of Garden III Condos, hereinafter also known as Golf Cart Storage Renters, on a first-come, first-served basis. If there are spaces available and no Garden III owners or tenants are on the waiting list, the spaces may be rented to other home-owners/tenants of SVE. It is rented with the understanding that if a Garden III resident needs a space, the last non-Garden III resident will give up their space.
2. Payment of \$96.00 will be paid annually, in advance, due on January 1st, and delinquent on January 31st of each calendar year, and is subject to change by the Board of Directors. Annual fees will be

pro-rated for first-time renters or renters who sell their unit, move out of SVE, or sell their stored item.

3. Upon such time that additional space is available, renters may choose to move from one storage area to another, which is permissible, upon approval of the Board or its designee, and providing there is no waiting list for the space being requested.
4. If a Condo owner has a golf cart space and sells the Condo, and does not move to another Garden III Condo, he/she forfeits the Golf Cart Storage space. The new owner must apply for a storage space, if needed, and will receive same as soon as one is available with no waiting list.
5. Unless payment is received when due, it will be assumed that the renter no longer desires to keep the space. They will however, be given a reminder notice of the non-payment for which they will have ten (10) days to respond.
6. Golf cart spaces are to be rented and occupied only by SVE Garden Condo III owners or tenants, who have carts and can provide proof of ownership via Bill of Sale or Cart Make and Serial Number I.D., at the time of executing the Rental Agreement.
7. Owners or tenants without carts may have their names placed on the waiting list and considered for spaces on a first, second and sequentially listed basis, as space becomes available. This regulation applies to existing and new Condo owners and renters alike. Spaces may not be passed on from one owner or renter to the next owner/renter.
8. All spaces will be rented only to cart owners as specified above, and sub-letting is not permitted.
9. Each Condo owner or renter, (golf cart storage renter), shall provide his or her own insurance coverage to repair or replace any damage that may occur to any golf cart that may be stored permanently or temporarily within or near the golf cart storage buildings. Renters of golf cart storage space understand and agree that no Bailment is established under this or any other agreement with respect to storing golf carts, or any other personal items, within or near the golf cart storage buildings. Additionally, golf cart storage renters understand and agree that they are solely responsible for any damage that may occur to their golf cart or any other golf carts, due to their activities or the activities of any Condo owner, renter or invitee to the fullest extent provided for by Arizona law. (The insurance should be from the golf cart storage renter's homeowner's liability and vehicle liability up to \$100,000.) (The owner will have 10 days to produce such documents.)
10. Condo owner or renter, (golf cart storage renter), agrees to fully indemnify and hold harmless, Sunland Village East, Garden Condo III Association and its Board of Directors, for any injuries, death, property or other damages suffered by, or caused by, any Condo owner, renter or invitee, (golf cart storage renter), to the fullest extent provided for by Arizona law.
11. Condo owner or renter (golf cart storage renter), agrees and acknowledges that use of the golf cart storage building is a privilege which can be revoked at any time by the Board of Directors. Moreover the Board of Directors makes no warranty, express, implied or otherwise, as to the safety or security of the golf cart storage buildings.
12. Other motorized vehicles are permitted in the golf shed with the same insurance provisions as the golf carts. Again, golf carts have first preference.
